WHAT IS GREAT?

Our year 9 students have begun their secondary school journey. This is their path to being the best 'You' for their future. We have presented many opportunities for students to begin being the GREAT person that they will need to be to be successful not only at Te Aroha College but also as they progress into adulthood. Our Graduate profile is clear about our expectations for the future and being a GREAT Te Aroha College Learner is how we can sum that statement up.

"Students of Te Aroha College are our future, they will be confident, connected, well rounded and have a clear future direction. They will have pride, purpose and flexibility. They will seek excellence and excel locally, nationally and internationally in their chosen strengths. They will be culturally aware and demonstrate tolerance, respect and understanding and will go out into the world and sustainably take responsibility for themselves and those that rely on them."

With the Year 9 Great Survey we asked Year 9 Students to reflect on their first term and tell us what things they have done to be GREAT.

The questions were designed to support the work on the Junior Learning Framework for 2019

The survey was completed in the final week of term 1 by the year 9 cohort. The 65 of 70 responses. We have worked through term 1 to make our school values and graduate profile accessible to our junior students. Being 'GREAT' is an important part of our school culture and strategy to support our students to be well rounded active learners and achievers.

The results summaries are broken onto the letters of GREAT. For Term 2 this provides direction on what we need to continue to work on and promote and also provides students with a very clear understanding of what GREAT looks like in their every day lives as students at Te Aroha College.
